Why keyvan Faraz?

- ▶ **Superior quality:**
Quality is our first priority. We are always striving to improve the quality of our products and we will not stop until we satisfy our customers.
- ▶ **10-year warranty:**
However all our products have the highest quality and despite using the best raw materials, have a ten-year warranty.
- ▶ **Variety of designs and beauty:**
Beauty is an integral feature of our products. We try to make your projects look as beautiful as possible by considering the variety of door designs.
- ▶ **Delivery in the shortest time:**
We prepare and deliver your orders in the shortest time possible.
- ▶ **After-sales service:**
Just contact our professional sales team. Experience the best after-sales service with us.

KeyvanFaraz corporation has established in 1995 in the field of design and manufacture of elevator doors, such as swing door, semi - automatic , fully - automatic as the elevator car started its activity.

Today, after more than two decades of continuous efforts and benefiting from the knowledge and experience of senior managers, with the help of specialized, committed and experienced experts, as well as effective communication with the world's largest manufacturers like: Fermator, Seicom, wittur and etc, we have reached a level where we are confident that we can have a strong presence in various areas of this industry and be a very serious competitor for similar foreign products.

In this regard, in order to keep up with the latest world standards and obtain valid international certifications from experts in this field, we have been able to design and produce practical, beautiful, safe and quality products, and we will always be developing and expanding.
